

Thursday Night Entertainment – Chapter Seven & Biogenesis

D.A. Music Studios of Greenville, Ohio, is proud to present music groups to perform at the 2017 Bradford Pumpkin Show.

*"Chapter Seven" is Student Band of D.A. Music Studios that performs a variety of #1 Hits including songs from Aerosmith, Black Sabbath, The Police, Motorhead, Led Zeppelin, and more. The members are: Sam Nealeigh – Keyboard; Karen Shuttleworth – Keyboard; Will Neudecker – Guitar; Megan Dunn – Acoustic Guitar; Luke Nealeigh – Guitar; Olivia Leeper – Drums; and Savannah Royster – Bass.

"BioGenesis" is a professional Christian Metal Band. Having started out all the way back in 1996 American metal band **BioGeneis** has created a metal style almost all their own. While it is very hard to categorize a good description style wise might be a mix of thrash/death/power/prog/goth and aggressive nu-metal, and as far as a band comparison it's probably what you would get if you mixed Deliverance, Megadeth, Saviour Machine and threw in some Dream Theater and maybe a little Disturbed.

This is technically only the bands third full length original release, starting with **The Mark Bleeds Through** (2001 Rowe Productions) followed up 11 years later after a hiatus with **The Rise, The Fall, The Rebirth** (2012 Soundmass). Also 2 years later a remastered and expanded edition of their first album would be released entitled **The Mark Bleeds Through: First Blood** (2014 Soundmass)

Jump forward to 2017 and their brand new album, **A Decadence Divine**, is now on the horizon slated for release through Roxx Records on May 26th. Decadence features almost a completely brand new and youthful line up, hosting an improved sound both musically, lyrically and sonically.

BioGenesis is ready to take the metal world by storm with this brand new Rebirth!

The members are: Luke Nealeigh – Lead Guitar; James Riggs – Guitar; D.A. Nealeigh – Bass; Sam Nealeigh – Keyboard; Majennica Nealeigh – Drums; Chaz Bond – Vocals.
